SCHOOL BOARD

We submit the twenty-fourth report of our schools, for the year ending February, 1911.

The average number of schools maintained the past year was ten, giving thirty-two weeks to each school.

We believe our teachers have averaged to do better work than for any preceding year, but we most emphatically deplore the attitude of some parents towards those who have worked the hardest, and who might have accomplished much more with the right sort of support from some homes.

We desire to call attention to the fact that our aid from the state depends on the regular attendance of pupils at school. Bear in mind, therefore, that when your children are out of school for any trivial reason, you are cutting down our outside support as well as working an injury to the child.

We frequently hear complaints of a startling nature concerning some teacher, which, upon investigation prove to be absolutely false. We call upon all reliable citizens to do all they can to stop this personal abuse of teachers and officers, else no one can be secured to take up this work who can be relied on to do what we should require and have. An honest difference of opinion may result in an improved condition, but calling names never will.

We annex the Roll of Honor pupils, believing it will not only be a pleasure to the successful ones but encourage others to try the harder the coming year.

Owing to the fact that no one was present at the last adjourned day of Collector's sale of real estate for unpaid taxes, who would offer to pay the taxes for a part or the whole of the same, the selectmen have in the name of the town made such purchase. Therefore the town holds a claim on the real estate of the delinquent taxpayers for the amount of unpaid taxes and incidental charges to the amount of \$292.30.

And by virtue of the law the town will collect 12 per cent. interest from date of sale until settlement is made.

LIBRARIAN'S REPORT

While there are no special changes or developments to be reported it is evident that the library is more valued than ever by our townspeople. During the year 127 books have been added to our number, making a total of 2730 volumes now on the shelves. 165 families are represented by the patrons, and the circulation has amounted to about 5000 volumes, 10 per cent of which have been non-fiction: religious works, books of history, biography, travel, etc. In Feb., 1910, Mrs. L. T. Fuller of Somerville, Mass., kindly donated 37 books which have proved a valuable addition to the library. Books of value were also received from Mrs. L. A. Churchill, Mrs. T. S. Dimick and others. We are indebted to Chas. H. Dimick for the *Outlook* to date, and would say to those who have so generously supplied magazines that they have been very acceptable and much appreciated by our readers. A list of books added to library during the year will be printed with this report. It is hoped in this way to supply the increasing demand for a catalogue of the books, which it has not seemed wise to print under separate cover. If this method is employed from year to year and the lists carefully preserved every family may possess an up to date catalogue of books added to the library since Feb. 15, 1910.

Respectfully submitted,

I. IZZIE G. MORRISON
